## Management's Discussion and Analysis - Unaudited

Management's discussion and analysis of Jackson College's (the "College") financial statements provides an overview of the College's financial position as of June 30, 2018 and 2017 and its activities for the years then ended. The College's management has prepared and is responsible for the financial statements and the related footnote disclosures, along with the discussion and analysis.

### Using the Annual Financial Report

This annual financial report includes this management's discussion and analysis and other required supplementary information, the report of independent auditors, the basic financial statements in the above referred format, and notes to financial statements. Following the basic financial statements and notes are supplementary schedules, consisting of the Combining Statements of Net Position and Combining Statements of Revenues, Expenses, Transfers and Changes in Net Position. These supplementary schedules are required by the State of Michigan. Though GASB does not require this information for a fair and complete presentation, supplemental schedules do provide additional information regarding the various funds and activities of the College that is not presented in the basic, entity-wide statements.

During the year ended June 30, 2018, the College implemented Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* (GASB 75). This standard required the College to record its proportionate share of the net postemployment benefits other than pension (OPEB) liability of the Michigan Public School Employee Retirement System (MPERS), the defined benefit plan which the majority of the employees of the College participate. This standard has had a significant impact on the liabilities and net position of the College as discussed below. In addition, Note 7 to the financial statements includes a number of items related to the requirements of this standard, and two schedules are included with the required supplementary information following the footnotes.

### Financial Highlights

The audited financial statements for Jackson College include the complete presentation of net position and changes therein. However, the traditional emphasis has been on the General Fund, or the portion of the institution primarily concerned with instruction and its support. It is this fund that the State of Michigan uses in its appropriation allocation each year. The following revenues and expenses sections of this analysis detail this portion of our operations, considering its importance to the overall health of the College.

### The Statements of Net Position and the Statements of Revenues, Expenses, and Changes in Net Position

One of the most important questions asked about the College's finances is, "Is Jackson College as a whole better or worse off from a financial standpoint as a result of the year's activities?" The Statements of Net Position and the Statements of Revenues, Expenses, and Changes in Net Position report information on the College as a whole and on its activities in a way that attempts to answer this question. When revenues and other support exceed expenses, the result is an increase in net position. When the reverse occurs, the result is a decrease in net position. These two statements report the College's net position and changes in them during each fiscal year presented.

The College's net position (the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources) is as a way to measure the College's health, or financial condition. Over time, increases or decreases in the College's net position are one indicator of whether its financial health is improving or deteriorating. Many other non-financial factors, such as the trend in College applicants, student retention, condition of the buildings, and strength of the faculty need to be considered to assess the overall health of the College.

# JACKSON COLLEGE

## Management's Discussion and Analysis - Unaudited

These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by private-sector institutions.

	Condensed Statements of Net Position	
	June 30,	
	2018	2017
<b>Assets</b>		
Current assets	\$ 13,168,839	\$ 21,538,468
Capital assets, net	74,438,315	73,526,894
Other noncurrent assets	10,053,860	65,180
<b>Total assets</b>	<b>97,661,014</b>	<b>95,130,542</b>
<b>Deferred Outflows of Resources</b>		
Deferred loss on refunding	500,941	560,661
Deferred pension amounts	5,315,546	3,272,448
Deferred OPEB amounts	486,110	-
<b>Total deferred outflows of resources</b>	<b>6,302,597</b>	<b>3,833,109</b>
<b>Liabilities</b>		
Current liabilities	12,312,730	11,405,002
Noncurrent liabilities	64,194,418	59,670,428
<b>Total liabilities</b>	<b>76,507,148</b>	<b>71,075,430</b>
<b>Deferred Inflows of Resources</b>		
Deferred pension amounts	7,143,671	6,514,766
Deferred OPEB amounts	292,376	-
<b>Total deferred inflows of resources</b>	<b>7,436,047</b>	<b>6,514,766</b>
<b>Net position</b>		
Net investment in capital assets	40,761,358	36,516,367
Restricted		
Nonexpendable	27,733	24,757
Expendable	360,525	843,531
Unrestricted deficit	(21,129,200)	(16,011,200)
<b>Total net position</b>	<b>\$ 20,020,416</b>	<b>\$ 21,373,455</b>

The College's financial position was significantly impacted by the implementation of GASB 75 during the fiscal year ended June 30, 2018. Excluding the impacts of GASB 75 and GASB 68 contained in the pension and OPEB liability fund, the College's net position increased by \$5,271,314. The increase was mainly attributable to investments in future operations and capital equipment.

# JACKSON COLLEGE

## Management's Discussion and Analysis - Unaudited

### Revenues

GASB guidelines require State appropriations, property tax revenues and Federal Pell grant revenue to be reported as nonoperating revenues. Management views, and has always viewed, major revenues to the College such as State appropriations, local property taxes and Pell grants as operating revenues. These dollars would not be received by the College to fund operating expenses if educational classes were not offered. Therefore, management believes these revenues should be applied directly to the operating costs that are associated with them for internal analysis purposes.

Each year the 28 Michigan public community colleges are required to submit data that is the basis of the Activities Classification Structure (ACS) Data Book. The Community College Appropriations Act assigns primary responsibility for data collection to the Center for Educational Performance and Information. In addition to appropriations, the data in the ACS Data Book is used to derive comparisons among community colleges on a number of significant issues that relate to institutional concerns. The 2016-17 ACS Data Book reveals the following state averages for the year. Four years of Jackson College information is included for comparison. These are comparisons of general fund revenues, as these are the numbers used in the State reports. Capital Outlay is not included in the State ACS reports as these are recorded in Plant Funds and these operational reports only include the General and Designated Funds. The College generated General Fund revenues of \$48,659,889 and \$47,867,343 in 2018 and 2017, respectively.

General Fund Revenue Sources: Comparison of JC and Statewide Averages

# JACKSON COLLEGE

## Management's Discussion and Analysis - Unaudited

### State Appropriations

Accounting guidelines issued by the GASB obligate the College to report State Appropriations source as nonoperating income. Generally, the State of Michigan includes the Appropriation to Community Colleges Act in its annual budget, which is approved just prior to the beginning of the State's fiscal year, October 1. The College received \$14,201,108 in fiscal year 2018, of this total, \$1,196,831 was received and paid to the State of Michigan towards the unfunded actuarial accrued liability of the Michigan Public School Employees Retirement System and \$337,375 was received from the State of Michigan as a Personal Property Tax Reimbursement. The graph below reflects the amount of State Appropriations received by the College that were reported as revenue in the general fund.

State Appropriations to Jackson College

### Property Taxes

Only 10.2% of ACS revenues come from property taxes from Jackson County. The other community colleges like JC that depend heavily on State Appropriations also have in common a low percentage of their General Fund revenue being derived from property taxes. The State average is 34.6%. No new attempt to adjust the voted millage rate was made during the current fiscal year. No millage increase has been approved by the voters of Jackson County since the charter millage of 1.33 in 1964. The current millage rate as adjusted by the Headlee override to 1.1446 (December 2008) is the lowest in the State. Property tax revenues related to real estate have showed an increase as property values begin to slowly increase and past due tax bills get paid. In 2018, the overall property tax revenue increased slightly as property values increased.

Property Tax Revenues to Jackson College

# JACKSON COLLEGE

## Management's Discussion and Analysis - Unaudited

### Tuition and Fees

\$13,741,863 and \$13,011,927 of scholarship allowances against tuition and fees represent amounts paid by grants, resulting in a "discount rate" of 50.7% and 50.3% for fiscal 2018 and 2017, respectively. The bulk of the scholarship allowance is Federal Pell awards which were \$10,272,235 and \$9,275,140 for fiscal 2018 and 2017, respectively. It is expected that the number of students receiving federal funds may increase over the next year, given the College's involvement with the Second Chance Pell for Prisoners program. For purposes of this analysis, to show trends over time, the following chart presents gross tuition and fees. The College experienced an increase of 4.62% from this source of revenue in the current year as compared to fiscal 2017. The scholarship allowances also increased by \$729,936 or 5.61%.

Gross Tuition and Fees Revenues

There was a 1.47% decrease in the amount of billing contact hours generated in 2018. The College began to implement a comprehensive enrollment management plan that focuses on recruitment and retention. The College continues to focus on recruiting students of color, international students, graduating high school seniors and dual enrolled students. The slight decrease in enrollment is due in part to declining high school graduating classes coupled with the decreased enrollment in Fall 2017 for the prisoner education program. It is estimated that the new efforts in total commitment to student success and new initiatives with Jackson County Early College and a new prisoner education pricing structure will help the College maintain its enrollment level.

Total Billing Contact Hours by Fiscal Year

# JACKSON COLLEGE

## Management's Discussion and Analysis - Unaudited

Jackson College Enrollment by Semester and Fiscal Year				
Billing Hours				
	Fall	Winter	Spring	Total
Fiscal Year				
2018	52,464	47,651	18,757	118,872
2017	53,292	50,032	17,319	120,643
2016	54,368	49,543	16,510	120,421
2015	55,221	50,128	15,537	120,886
2014	57,000	52,216	17,407	126,623

Tuition rates continued to rise, offsetting the small millage rate the local tax payers pay. Increases are detailed below.

Jackson College Hourly Tuition Rates				
	In District	Out of District	Out of State	
Fiscal Year				
2018	\$ 145.00	\$ 217.00	\$	290.00
2017	\$ 135.00	\$ 195.00	\$	270.00
2016	\$ 125.00	\$ 172.00	\$	250.00
2015	\$ 117.00	\$ 161.00	\$	234.00
2014	\$ 111.00	\$ 161.00	\$	216.00

### Other Operating Revenues

Potter Center activities, revenue and expenses increased at a proportionate rate due to the rising cost of hiring performers. The income classification of seminars, workshops & other income decreased over the prior year as the housing revenue was down significantly in 2018. Beginning in Fall 2018, the College implemented new marketing and operational initiatives to attract and retain a greater number of housing students.

### Expenses

Compared to statewide averages, the College is relatively close to its peers. Please note that the State of Michigan does not include depreciation as an "operating cost". The College continues to increase its attention to the instructional efforts and Student Services as that is the large part of our total commitment to student success.

Note that beginning in fiscal 2018, the State of Michigan is requiring Colleges to report Information technology as a separate expense category. Previously, these expenses were allocated to the other expense categories. The State of Michigan does not plan on revising previously reported data, so the new ACS comparative tables will be built prospectively.

# JACKSON COLLEGE

## Management's Discussion and Analysis - Unaudited

The expenses under public service are higher than the statewide average due to the cultural affairs program, which includes the music hall events.

Jackson College Expenses Compared to State-Wide ACS Averages				
	ACS	Jackson College		
	2016-2017	2017-2018	2016-2017	2015-2016
Instructional	45.2%	43.1%	43.8%	47.7%
Informational Technology	0.0%	6.4%	6.7%	0.0%
Public Service	1.5%	2.6%	2.4%	2.6%
Institutional Support	13.6%	5.9%	6.1%	7.8%
Student Services	13.7%	16.4%	16.6%	16.8%
Administration	13.9%	13.1%	12.6%	12.4%
Plant	12.1%	12.6%	11.8%	12.8%
Total	<u>100.0%</u>	<u>100.0%</u>	<u>100.0%</u>	<u>100.0%</u>

### Statements of Cash Flows

Another way to assess the financial health of the College is to look at the Statement of Cash Flows. Its primary purpose is to provide information about the College's cash receipts and cash payments during a fiscal year.

Major sources of cash were tuition and fees (\$13,935,987 in 2018 and \$13,737,983 in 2017), grants and contracts (\$5,636,749 in 2018 and \$2,780,616 in 2017), State appropriations (\$12,932,594 in 2018 and \$14,904,532 in 2017), local property taxes (\$4,967,735 in 2018 and \$4,890,768 in 2017), and Pell grant receipts (\$10,272,235 in 2018 and \$9,275,140 in 2017). The single, largest type of disbursement was compensation payments to or on behalf of the College's employees (\$30,930,301 in 2018 and \$32,273,654 in 2017).

### Capital Assets

The components of the College's capital assets are as follows as of June 30:

	2018	2017
Land	\$ 1,313,765	\$ 1,313,765
Infrastructure and land improvements	4,483,981	3,712,757
Buildings and improvements	105,780,605	104,587,546
Leasehold improvements	2,247,106	2,247,106
Artwork	6,366,227	6,366,227
Equipment	16,466,632	13,421,380
Construction in progress	160,397	640,501
Total capital assets	136,818,713	132,289,282
Less accumulated depreciation	<u>62,380,398</u>	<u>58,762,388</u>
Capital assets, net	<u>\$ 74,438,315</u>	<u>\$ 73,526,894</u>

Additional information regarding the College's capital assets can be found in the notes to the financial statements.

# JACKSON COLLEGE

## Management's Discussion and Analysis - Unaudited

### Long-term debt

In fiscal year 2017, the College adopted a debt repayment strategy aimed at paying off all outstanding debt by 2028, which will be the College's 100th year in operation. In order to accomplish that, the College refunded portions of the 2007 and 2008 Series Bonds and budgeted to make additional bond payments. The current debt repayment schedule shows debt outstanding beyond 2028, but the College intends to pay off these bonds when they become callable in 2024 and 2025.

Additional information on the College's long-term debt can also be found in the notes to the financial statements.

### Factors That Will Affect our Future

The economic position of the College is closely tied to that of the State. Because of economic growth and changes to the funding formula for community colleges, the State budget projects an increase of 1.1% in State appropriations for the 2018-19 year, along with a Board of Trustees approved tuition increase of 5.4% for the upcoming fiscal year.

In an effort to stay ahead of upcoming changes to state and federal funding guidelines, the College is focusing on total commitment to student success (TCS2). This focus has the College changing its student services model from traditional academic advising with a ratio of 1 advisor to 1,400+ students to approaching student services on a more personal level with Student Success Navigators who will be responsible for 200-300 students. The use of national benchmark data reveals that student success is higher for students who have a personal relationship with a college professional. The College is taking a "whole student" approach and considering strategies that address food insecurity, housing insecurity and other basic needs that may prevent a student from succeeding. The College is also working departmentally to show employees what TCS2 looks like in their area of work. The College will measure the success of this strategy by monitoring retention, persistence and graduation rates.

The College continues to make investments in instructional facilities, aging infrastructure and modernization of learning environments. The renovations of Justin Whiting Hall for the Oasis Center and Dental Hygiene Lab were completed in September 2017, with the George Potter Center lobby renovation completed in October 2017. Completion of the east beltway was completed in June of 2018, with improvements to the west beltway scheduled to begin in Spring 2019.

College management continues to watch enrollment trends, local economies, employer needs and will react to changing financial conditions with revenue enhancements and/or expense reductions as necessary to ensure financial stability of the College. Most notably, the Second Chance Pell Federal initiative is currently set to expire in August 2019. The College has a significant portion of tuition revenue that is tied to this program and management is closely monitoring any developments related to the extension and continuation of this program.

College management is also closely tracking the shifting enrollment mix as initiatives such as prisoner education and the Jackson County Early College begin to grow.

In an effort to meet local employer needs, Jackson College is launching new academic programming in Dental Hygiene with classes beginning in the fall of 2018.

This page intentionally left blank.

## INDEPENDENT AUDITORS' REPORT

October 25, 2018

Board of Trustees  
Jackson College  
Jackson, Michigan

### Report on the Financial Statements

We have audited the accompanying financial statements of the the business-type activities and the discretely presented component units of *Jackson College* (the "College"), as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Independent Auditors' Responsibility*

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the College's discretely presented component units were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component units of Jackson College, as of June 30, 2018 and 2017, and the results of their operations and cash flows, where applicable, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

### *Implementation of GASB Statement No. 75*

As described in Notes 2 and 7, the College implemented the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, in the current year. Accordingly, beginning net position of business-type activities as of July 1, 2017 was restated. Application of this new standard to July 1, 2016, the earliest year presented, is not practical as complete information is not available. Our opinion is not modified with respect to this matter.

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the schedules for the pension and other postemployment benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The supplementary combining statements identified in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audits of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated October 25, 2018, on our consideration of Jackson College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Rehmann Johnson LLC". The signature is written in a cursive, flowing style.

## Notes to Financial Statements

### 1. MISSION

Jackson College (the “College”) is a Michigan Community College whose mission is to assist learners in identifying and achieving their educational goals. The College offers four associate degrees, numerous certificate programs, and other educational programs while being accredited by the North Central Association of Colleges and Secondary Schools. The primary education centers for the College are its 500-acre main campus situated six miles south of Jackson, and extension centers located in Hillsdale and Adrian (Lenawee Center).

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *Reporting Entity*

The College is governed by an elected seven member board of trustees. The College has two affiliated organizations that are evaluated in accordance with GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*. These organizations are described below:

Jackson College Foundation (the “Foundation”) is a legally separate, tax-exempt not-for-profit organization that was formed to solicit, collect, and invest donations made for the promotion of educational activities at and to augment the facilities of the College. The Foundation acts primarily as a fundraising organization to supplement the resources of the College in support of its programs and facilities. As the restricted resources held by the Foundation can be used only by, or for the benefit of, the College, the Foundation is considered a component unit of the College.

Jackson College Dormitories (“JCD”) is a legally separate, tax-exempt not-for-profit organization that was formed at beginning of fiscal year 2015 to provide financing for the construction of Campus View 3 to provide 202 additional student housing beds for Jackson College.

The College presents the Foundation and JCD as discretely presented component units of the College.

Separate financial statements are issued for the Foundation and JCD that are prepared in accordance with the accounting standards established by the Financial Accounting Standards Board. Those separate financial statements may be obtained from the College’s Business Office.

#### *Basis of Presentation*

The accompanying financial statements have been prepared using the economic resource measurement focus and the accrual basis of accounting, whereby revenue is recognized when earned and expenses are recognized when the related liabilities are incurred and certain measurement and matching criteria are met.

The College prepares its annual financial statements in accordance with GASB Statement No. 35, *Basic Financial Statements - and Management’s Discussion and Analysis - for Public Colleges and Universities, an amendment of GASB Statement No. 34*, as described below, and the American Institute of Certified Public Accountants’ Audit and Accounting Guide, *Audits of State and Local Governments (GASB 34 Edition)*. The financial statements also consider the provisions of the Michigan Department of Career Development’s *Manual for Uniform Financial Reporting - Michigan Public Community Colleges, 2001*.

# JACKSON COLLEGE

## Notes to Financial Statements

Under the provisions of GASB Statement No. 35, the College is permitted to report as a special purpose government engaged only in business type activities (“BTA”). Business type activities are those that are financed in whole or in part by fees charged to external users in exchange for goods and services. BTA reporting requires the College to present only the basic financial statements and required supplementary information (RSI) for an enterprise fund that includes management’s discussion and analysis (MD&A), a statement of net position, a statement of revenues, expenses, and changes in net position, a statement of cash flows, notes to the financial statements, and other applicable RSI. Fund financial information is not required for BTA reporting.

### *Use of Estimates*

The process of preparing financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Actual results may differ from estimated amounts.

### *Cash and Cash Equivalents*

Cash and cash equivalents consist of demand deposits in banks, cash on hand, money market accounts, and any certificates of deposit with an original maturity of three months or less, except that such investments purchased with endowment assets are classified as investments.

### *Investments*

Investments are carried at fair value determined using quoted market prices.

The College endowment investment income spending policy is 100% of the realized earnings of each College endowment. The annual spending income allocation cannot reduce the original gift principal. There is no net appreciation on investments of donor-restricted College endowments included in net position at June 30, 2018 or 2017. According to the law of the State of Michigan, the Board of Trustees may appropriate for expenditure for the uses and purposes for which an endowment is established an allocation of the net appreciation, realized and unrealized, in the fair value of the assets of an endowment over the historic dollar value as is prudent under the facts and circumstances prevailing at the time of the action or decision.

### *Inventories*

Inventories are stated at the lower of cost, determined by the first-in, first-out method, or market.

### *Campus Property, Plant and Equipment*

Campus property, plant and equipment, consisting of institutional physical properties used in College operations, are recorded at cost or, if acquired by gift, at fair market value at the date of acquisition. Building additions and improvements with a cost in excess of \$30,000 are capitalized if the life of the building is extended or square footage is added. Collections, such as works of art, are capitalized if such items are held for public exhibition, education, or research in furtherance of public service. Equipment with a cost in excess of \$1,000 with a useful life of more than one year is capitalized. Expenses for routine maintenance and ordinary repairs are expensed as incurred. Library books are expensed the year of purchase. Certain maintenance and replacement reserves have been established to provide for significant repair and maintenance costs to facilities.

# JACKSON COLLEGE

## Notes to Financial Statements

Depreciation, which includes amortization of leasehold improvements, is provided for campus property, plant and equipment on a straight-line basis over the estimated useful life or the term of the lease, if shorter, of the assets as follows:

Classification	Estimated Useful Lives
Buildings	40 years
Infrastructure and land improvements	15 years
Building and leasehold improvements	10 years
Artwork	10 years
Furniture and fixtures	5 years
Computer equipment	3 years

### *Deferred Outflows of Resources*

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to one or more future periods and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The College reports a deferred outflow of resources for its deferred charge on bond refunding, which results from the difference in the carrying value of refunded debt and its reacquisition price. This deferred outflow is amortized over the shorter of the refunded or refunding bonds. The College also reports deferred outflows of resources for changes in expected and actual investment returns, changes in assumptions, and certain contributions made to the MPSERS plan subsequent to the measurement date. More detailed information, including the amortization of these amounts can be found in Note 7.

### *Deferred Inflows of Resources*

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. The College reports deferred inflows of resources for certain pension and other postemployment benefits (OPEB) related amounts, such as the difference between projected and actual earnings of the plan's investments. More detailed information can be found in Note 7.

### *Pension and Other Postemployment Benefits*

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pension and OPEB, pension and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# JACKSON COLLEGE

## Notes to Financial Statements

### *Revenue Recognition*

Revenue from state appropriations are recognized in accordance with the accounting method described in the *Manual for Uniform Financial Reporting -- Michigan Public Community Colleges, 2001*, which provides that state appropriations are recorded as revenue in the period for which such amounts are appropriated. Student tuition and related revenues and expenses of an academic semester are reported in the fiscal year in which the program is conducted. Property taxes are recorded as revenue when received, which approximates the amounts when levied.

Operating revenues of the College consist of tuition and fees, grants and contracts, housing, sales and services of educational activities and auxiliary enterprise revenues. Transactions related to capital and financing activities, noncapital financing activities, investing activities, State appropriations, property taxes, and Federal Pell grant revenue are components of nonoperating and other revenues. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. All expenses not meeting this definition are reported as nonoperating expenses. For financial reporting purposes, restricted resources are deemed to be utilized first when both restricted and unrestricted resources are available to satisfy an expense.

Revenues received prior to year end that are related to the next fiscal year are recorded as unearned revenues. Unearned revenue relates primarily to student tuition and fees for the spring semester, student deposits and deposits of diverted Michigan income tax withholding from employers contracting with the College under the Michigan New Jobs Training Program to be used for future employee trainings.

### *Sabbatical Leaves*

In accordance with the Master Agreement with the Faculty Association, the College grants sabbatical leaves to various full-time instructors. The leaves are granted to enhance the personal and professional competence of the instructors who are required to return to the College for a period of two years. Compensation is accounted for as an expense in the fiscal year the leave is taken.

### *Other Compensated Absences*

Other compensated absences represent the accumulated liability to be paid under the College's current vacation and terminated leave pay policies. As the amounts are due on demand at the time of employee termination, the liability is classified as current (accrued compensation and other benefits) in the accompanying statements of net position.

# JACKSON COLLEGE

## Notes to Financial Statements

### *Net Position*

Net position is classified into the following categories:

*Net investment in capital assets:* Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

*Restricted nonexpendable:* Net position whose use by the College is subject to externally imposed constraints that can be fulfilled by actions of the College pursuant to those constraints or that expire by the passage of time. The restricted nonexpendable balance of the College consists of donated endowment funds.

*Restricted expendable:* Net position whose use by the College is subject to externally imposed constraints that can be fulfilled by actions of the College pursuant to those constraints or that expire by the passage of time. The restricted expendable balance of the College consists primarily of funds restricted for student loans, scholarships, and other purposes.

*Unrestricted:* Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of management or the board of trustees or may otherwise be limited by contractual agreements with outside parties.

### *New Accounting Pronouncement*

As of July 1, 2017, the College adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This statement requires that the College recognize a net other postemployment benefits (OPEB) liability on the statement of net position, equal to the College's proportionate share of the net OPEB liability of the Michigan Public School Employees Retirement System (MPSERS), as defined and calculated in accordance with the new standard. More detailed information can be found in Note 7. As a result of this change, the College recognized a net OPEB liability of \$9,122,042 and deferred outflows of resources of \$693,703, which resulted in a decrease in net position of \$8,428,339 as of July 1, 2017. Application of this new standard to July 1, 2016, the earliest year presented, is not practical as complete information is not available.

### *Reclassification*

Certain amounts as reported in the June 30, 2017 financial statements have been reclassified to conform with the 2018 presentation.

## 3. DEPOSITS AND INVESTMENTS

State of Michigan statutes authorize the College to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury; certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank, savings and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation, or National Credit Union Administration, respectively; and in commercial paper of corporations located in this state rated prime by at least one of the standard rating services. The College is also authorized to invest in U.S. government or federal agency obligation repurchase agreements, bankers' acceptances of U.S. banks, and mutual funds comprised of investments as outlined above. The College's investment policy allows for all of these types of investments.

# JACKSON COLLEGE

## Notes to Financial Statements

The College's deposits and investments are included on the statements of net position under the following classifications as of June 30:

	2018	2017
Cash and cash equivalents	\$ 7,766,010	\$ 15,769,732
Investments	<u>10,027,967</u>	<u>15,566</u>
	<u>\$ 17,793,977</u>	<u>\$ 15,785,298</u>

The above amounts are categorized as follows at June 30:

	2018	2017
Bank deposits (checking, savings, cash sweep accounts and certificates of deposit)	\$ 7,763,414	\$ 15,766,986
Michigan Liquid Asset Fund	10,010,559	-
Petty cash	<u>2,596</u>	<u>2,746</u>
Total deposits	17,776,569	15,769,732
Investments in equity securities	<u>17,408</u>	<u>15,566</u>
Total	<u>\$ 17,793,977</u>	<u>\$ 15,785,298</u>

*Interest Rate Risk.* State law limits the allowable investments and the maturities of some of the allowable investments. The College's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Custodial Credit Risk - Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned. State law does not require and the College does not have a policy for deposit custodial credit risk. As of June 30, 2018, \$7,759,256 of the College's bank deposits balance of \$8,509,256 was exposed to custodial credit risk because it was uninsured and uncollateralized. As of June 30, 2017, \$12,043,457 of the College's bank deposits balance of \$16,422,338 was exposed to custodial credit risk because it was uninsured and uncollateralized.

*Custodial Credit Risk - Investments.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments that are in the possession of an outside party. State law does not require and the College does not have a policy for investment custodial credit risk. However, all investments are in the name of the College, and the investments are held in trust accounts with each financial institution from which they were purchased.

### *Bonded Debt*

#### \$825,000 General Bonds, Series 2006

Unsecured bonds mature serially in annual amounts ranging from \$775,000 to \$825,000 through 2017, with interest charges at rates ranging from 4.00% to 4.50% per annum.

During 2016, the College refunded \$9,465,000 of the Series 2006 bonds, with an average interest rate of 2.36%.

#### \$6,000,000 General Bonds, Series 2007

During 2017, the College refunded \$2,910,000 of the Series 2007 bonds, with an average interest rate of 2.96%.

#### \$8,150,000 General Bonds, Series 2008

Unsecured bonds mature in an annual amount of \$365,000 in 2018 with interest charges at 3.75% per annum.

During 2017, the College refunded \$5,385,000 of the Series 2008 bonds, with an average interest rate of 2.96%.

#### \$1,000,000 General Bonds, Series 2010

Unsecured bonds mature in an annual amount of \$500,000 in 2017 with interest at a rate of 4.65% per annum. The bonds are designated as "Build America Bonds" under Section 54AA of Internal Revenue Code. A credit of \$7,580 was received during fiscal 2017, from the U.S. Treasury equal to 27.8% of the stated interest paid during fiscal 2017, which was recorded as a direct reduction to the College's interest expense.

# JACKSON COLLEGE

## Notes to Financial Statements

During 2015, the College refunded \$9,300,000 of the Series 2010, “Build America Bond” with an average interest rate of 3.16%.

### \$9,280,000 General Refunding Bonds, Series 2014

The College issued \$9,280,000 in refunding bonds with an interest rate of 2.00% to 4.25% to refund \$9,300,000 of outstanding 2010 Series Bonds with an interest rate of 4.90% to 6.27%, maturing in 2030. The bonds mature at varying amounts through 2030. The net proceeds of \$9,733,578 (after payment of \$129,676 in underwriting fees and other issuance cost) were used to purchase U.S. treasury securities which were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the original bonds. The refunding resulted in an economic gain of \$370,962 and a net present value savings of \$304,771. As of June 30, 2015, the 2010 Series Bonds in the amount of \$9,300,000 are considered defeased and the liability has been removed from the statement of net position.

### \$9,990,000 General Bonds, Series 2015

Unsecured bonds mature in annual amounts ranging from \$350,000 to \$745,000 through 2035 with interest charged at rates ranging from 3.00% to 3.625% per annum.

### \$9,255,000 General Refunding Bonds, Series 2016

The College issued \$9,255,000 in refunding bonds with an interest rate of 2.00% to 3.00% to refund \$9,465,000 of outstanding 2006 Series Bonds with an interest rate of 4.10% to 4.50%, maturing in 2026. The bonds mature at varying amounts through 2026. The net proceeds of \$9,671,752 (after payment of \$77,045 in underwriting fees and other issuance cost) were used to purchase U.S. treasury securities which were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the original bonds. The refunding resulted in an economic gain of \$1,546,700 and a net present value savings of \$1,413,748. As of June 30, 2016, the 2006 Series Bonds in the amount of \$9,465,000 are considered defeased and the liability has been removed from the statement of net position.

### \$8,195,000 General Refunding Bonds, Series 2017

The College issued \$8,195,000 in refunding bonds with an interest rate of 2.00% to 3.00% to refund \$2,910,000 of outstanding 2007 Series Bonds with an interest rate of 4.00% to 4.15%, maturing in 2024 and \$5,385,000 of outstanding 2008 Series Bonds with an interest rate of 3.75% to 4.50%, maturing in 2029. The bonds mature at varying amounts through 2023. The net proceeds of \$8,492,806 (after payment of \$112,140 in underwriting fees and other issuance cost) were used to purchase U.S. treasury securities which were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the original bonds. The refunding resulted in an economic gain of \$1,500,326 and a net present value savings of \$1,117,578. As of June 30, 2017, \$2,910,000 of the Series 2007 Bonds and \$5,385,000 of the Series 2008 Bonds are considered defeased and the liability has been removed from the statement of net position.

# JACKSON COLLEGE

## Notes to Financial Statements

Scheduled principal and interest requirements of long-term debt for years succeeding June 30, 2018, are summarized below:

Year Ending June 30,	Principal	Interest	Total
2019	\$ 3,590,000	\$ 1,010,713	\$ 4,600,713
2020	3,930,000	918,013	4,848,013
2021	3,025,000	815,263	3,840,263
2022	3,100,000	734,463	3,834,463
2023	3,185,000	651,613	3,836,613
2024-2028	9,905,000	2,163,461	12,068,461
2029-2033	5,090,000	726,412	5,816,412
2033-2035	1,460,000	79,931	1,539,931
Totals	<u>\$ 33,285,000</u>	<u>\$ 7,099,869</u>	<u>\$ 40,384,869</u>

During fiscal 2017, the College adopted a debt retirement plan to fully pay all outstanding debt by the year 2028. This plan includes early repayment of debt issuances that are not callable until future fiscal years and as such, these issuances are still shown above at their original maturities.

During fiscal 2004, the College entered into a lease agreement with the State of Michigan as part of the Capital Outlay program offered by the State Building Authority. The State appropriated approximately \$1,500,000 toward the construction of the College's Lenawee Center. During fiscal 2008, the College entered into a similar lease as part of the construction of the new Atkinson Hall building and the renovation of a section of Whiting Hall. The net State contribution amounted to \$7,318,398. Again, in fiscal year 2011, the College entered into another lease with the State of Michigan in connection with the renovation of Whiting Hall and the building of the Health Laboratory Center. The net state contribution amounted to \$10,016,314. In fiscal year 2016, the College entered into another lease with the State of Michigan in connection with the renovation of Bert Walker Hall. The net state contribution amounted to \$7,446,282 once the renovation was complete in fiscal 2017. The appropriations were funded by the issuance of bonds by the State Building Authority. In return, the College has deeded the buildings to the State Building Authority as collateral for the bondholders. The College and the State of Michigan are leasing the buildings from the State Building Authority for the period that the bonds for the buildings are being repaid by the State Building Authority. These lease payments are made out of the State of Michigan general operating budget. The College includes the buildings as part of its total investment in physical plant as capital leases as the College will obtain title to the buildings at the end of the leases. No corresponding obligations have been recorded since there are no payments due by the College under these lease agreements.

### 7. PENSION AND OTHER POSTEMPLOYMENT BENEFITS PLANS

#### Defined Benefit

##### *Plan Description*

The Michigan Public School Employees' Retirement System (the "System" or MPSERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (the "State") originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available on the ORS website at [www.michigan.gov/orsschools](http://www.michigan.gov/orsschools).

##### *Pension Benefits Provided*

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits are determined by final average compensation, years of service, and a pension factor ranging from 1.25% to 1.50%. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

DB plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system account if applicable. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

### *Other Postemployment Benefits Provided*

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree healthcare recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP Graded plan members) the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008 (MIP-Plus plan members) have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date. Dependents are eligible for healthcare coverage if they meet the dependency requirements set forth in Public Act 300 of 1980, as amended.

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

### *Contributions*

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the system are based on a percentage of covered payroll that has been actuarially determined as an amount that, when combined with employee contributions, is expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded actuarial accrued liability as of the September 30, 2016 valuation will be amortized over a 22-year period for the 2017 fiscal year.

# JACKSON COLLEGE

## Notes to Financial Statements

Employer contribution requirements for pension, inclusive of the MPSERS UAAL Stabilization rates, ranged from 13.54% to 19.03% of covered payroll for the College's 2018 fiscal year. Plan member contributions range from 0.0% to 7.0% of covered payroll for the College's 2018 fiscal year.

Employer contribution requirements for pension, inclusive of the MPSERS UAAL Stabilization rates, ranged from 14.56% to 19.03% of covered payroll for the College's 2017 fiscal year. Plan member contributions range from 0.0% to 7.0% of covered payroll for the College's 2017 fiscal year.

The table below summarizes pension contribution rates in effect for fiscal year 2018:

Benefit Structure	Member Rates	Employer Rates
Basic	0.00% - 4.00%	17.89% - 19.03%
Member Investment Plan (MIP)	3.00% - 7.00%	17.89% - 19.03%
Pension Plus	3.00% - 6.40%	16.61% - 18.40%
Pension Plus 2	6.20%	19.74%
Defined Contribution	0.00%	13.54% - 15.27%

Required contributions to the pension plan from the College were approximately \$2,534,000, \$2,340,000 and \$2,252,000 for the years ended June 30, 2018, 2017 and 2016.

The table below summarizes OPEB contribution rates in effect for fiscal year 2018:

Benefit Structure	Member Rates	Employer Rates
Premium Subsidy	3.00%	5.91% - 7.67%
Personal Healthcare Fund (PHF)	0.00%	5.69% - 7.42%

Required contributions to the OPEB plan from the College were \$559,662, \$508,389 and \$609,508 for the years ended June 30, 2018, 2017 and 2016.

### *Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2018 and 2017, the College reported a liability of \$25,076,508 and \$25,492,530, respectively, for its proportionate share of the MPSERS net pension liability. The net pension liability was measured as of September 30, 2017 and 2016, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 30, 2016 and 2015, respectively. The College's proportion of the net pension liability was determined by dividing each employer's statutorily required pension contributions to the system during the measurement period by the percent of pension contributions required from all applicable employers during the measurement period. At September 30, 2017, the College's proportion was 0.09677%, which was a decrease of -0.00541% from its proportion measured as of September 30, 2016 of 0.10218%.

# JACKSON COLLEGE

## Notes to Financial Statements

For the year ended June 30, 2018, the College recognized pension expense of \$262,385. At June 30, 2018, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ 217,932	\$ 123,045	\$ 94,887
Changes in assumptions	2,747,331	-	2,747,331
Net difference between projected and actual earnings on pension plan investments	-	1,198,822	(1,198,822)
Changes in proportion and differences between employer contributions and proportionate share of contributions	51,087	4,624,973	(4,573,886)
	<u>3,016,350</u>	<u>5,946,840</u>	<u>(2,930,490)</u>
College contributions subsequent to the measurement date	2,299,196	-	2,299,196
Pension portion of Sec 147c state aid award subsequent to the measurement date	-	1,196,831	(1,196,831)
	<u>2,299,196</u>	<u>1,196,831</u>	<u>1,102,365</u>
<b>Total</b>	<b>\$ 5,315,546</b>	<b>\$ 7,143,671</b>	<b>\$ (1,828,125)</b>

The \$2,299,196 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2019. The \$1,196,831 reported as deferred inflows of resources resulting from the pension portion of state aid payments received pursuant to Sec 147c of the State School Aid Act (PA 94 of 1979), will be recognized as State Aid revenue for the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2019	\$ (1,879,999)
2020	(898,398)
2021	49,261
2022	(201,354)
<b>Total</b>	<b>\$ (2,930,490)</b>

# JACKSON COLLEGE

## Notes to Financial Statements

For the year ended June 30, 2017, the College recognized its proportionate share of the Plan's pension expense of \$390,612. At June 30, 2017, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ 317,704	\$ 60,418	\$ 257,286
Changes in assumptions	398,556	-	398,556
Net difference between projected and actual earnings on pension plan investments	423,686	-	423,686
Changes in proportion and differences between employer contributions and proportionate share of contributions	74,588	5,676,870	(5,602,282)
	<u>1,214,534</u>	<u>5,737,288</u>	<u>(4,522,754)</u>
College contributions subsequent to the measurement date	2,057,914	-	2,057,914
Pension portion of Sec 147c state aid award subsequent to the measurement date	-	777,478	(777,478)
	<u>2,057,914</u>	<u>777,478</u>	<u>1,280,436</u>
Total	<u>\$ 3,272,448</u>	<u>\$ 6,514,766</u>	<u>\$ (3,242,318)</u>

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

At June 30, 2018, the College reported a liability of \$8,648,302 for its proportionate share of the MPSERS net OPEB liability. The net OPEB liability was measured as of September 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation rolled forward from September 2016. The College's proportion of the net OPEB liability was determined by dividing each employer's statutorily required OPEB contributions to the system during the measurement period by the percent of OPEB contributions required from all applicable employers during the measurement period. At September 30, 2017, the College's proportion was 0.09766%.

# JACKSON COLLEGE

## Notes to Financial Statements

For the year ended June 30, 2018, the College recognized OPEB expense of \$578,617. At June 30, 2018, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ -	\$ 92,079	\$ (92,079)
Net difference between projected and actual earnings on OPEB plan investments	-	200,297	(200,297)
Changes in proportion and differences between employer contributions and proportionate share of contributions	686	-	686
	<u>686</u>	<u>292,376</u>	<u>(291,690)</u>
College contributions subsequent to the measurement date	485,424	-	485,424
	<u>485,424</u>	<u>-</u>	<u>485,424</u>
<b>Total</b>	<b><u>\$ 486,110</u></b>	<b><u>\$ 292,376</u></b>	<b><u>\$ 193,734</u></b>

The \$485,424 reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	Amount
2019	\$ (70,500)
2020	(70,500)
2021	(70,500)
2022	(70,500)
2023	<u>(9,690)</u>
<b>Total</b>	<b><u>\$ (291,690)</u></b>

# JACKSON COLLEGE

## Notes to Financial Statements

### *Actuarial Assumptions*

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The total pension liability in the September 30, 2016 and 2015 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry age, normal
Wage inflation rate	3.5%
Investment rate of return:	
MIP and Basic plans (non-hybrid)	7.5% (8% for 2015)
Pension Plus plan (hybrid)	7.0%
OPEB plans	7.5%
Projected salary increases	3.5% - 12.3%, including wage inflation at 3.5%
Cost of living adjustments	3% annual non-compounded for MIP members
Healthcare cost trend rate	7.5% Year 1 graded to 3.5% Year 12
Mortality	RP-2000 Male and Female Combined Healthy Life Mortality Tables, adjusted for mortality improvements to 2025 using projection scale BB. This assumption was first used for the September 30, 2014 valuation of the System. For retirees, 100% of the table rates were used. For active members, 80% of the table rates were used for males and 70% of the table rates were used for females.
Other OPEB assumptions:	
Opt out assumptions	21% of eligible participants hired before July 1, 2008 and 30% of those hired after June 30, 2008 are assumed to opt out of the retiree health plan
Survivor coverage	80% of male retirees and 67% of female retirees are assumed to have coverages continuing after the retiree's death
Coverage election at retirement	75% of male and 60% of female future retirees are assumed to elect coverage for 1 or more dependents.

Assumption changes as a result of an experience study for the period 2007 through 2012 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2014 valuation. The total pension liability as of September 30, 2017 and 2016, is based on the results of an actuarial valuation date of September 30, 2016 and 2015, respectively, and rolled forward using generally accepted actuarial procedures, including the experience study. The recognition period for pension liabilities is 4.5188 years which is the average of the expected remaining service lives of all employees. The recognition period for OPEB liabilities is 5.4744 years which is the average of the expected remaining service lives of all employees. The recognition period for assets is 5 years.

# JACKSON COLLEGE

## Notes to Financial Statements

### *Long-Term Expected Return on Plan Assets*

The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the plan's target asset allocation as of September 30, 2017 and 2016, are summarized in the following tables:

2017		Long-term	Expected Money-	
	Asset Class	Target Allocation	Expected Real Rate of Return	Weighted Rate of Return
	Domestic equity pools	28.00%	5.60%	1.56%
	Alternative investment pools	18.00%	8.70%	1.57%
	International equity	16.00%	7.20%	1.15%
	Fixed income pools	10.50%	-0.10%	-0.01%
	Real estate and infrastructure pools	10.00%	4.20%	0.42%
	Absolute return pools	15.50%	5.00%	0.78%
	Short-term investment pools	2.00%	-0.90%	-0.02%
		<u>100.00%</u>		5.45%
	Inflation			<u>2.05%</u>
	Investment rate of return			<u>7.50%</u>
2016		Long-term	Expected Money-	
	Asset Class	Target Allocation	Expected Real Rate of Return	Weighted Rate of Return
	Domestic equity pools	28.00%	5.60%	1.64%
	Alternative investment pools	18.00%	9.20%	1.66%
	International equity	16.00%	7.20%	1.15%
	Fixed income pools	10.50%	0.90%	0.09%
	Real estate and infrastructure pools	10.00%	4.30%	0.43%
	Absolute return pools	15.50%	6.00%	0.93%
	Short-term investment pools	2.00%	0.00%	0.00%
		<u>100.00%</u>		5.90%
	Inflation			<u>2.10%</u>
	Investment rate of return			<u>8.00%</u>

# JACKSON COLLEGE

## Notes to Financial Statements

### *Discount Rate*

A discount rate of 7.5% and 8.0% was used to measure the total pension and OPEB liabilities as of June 30, 2018 and 2017, respectively (7.0% for the Pension Plus plan, a hybrid plan provided through non-university employers only). This discount rate was based on the long term expected rate of return on pension and OPEB plan investments of 7.5% and 8.0%, as of June 30, 2018 and 2017 respectively (7.0% for the Pension Plus plan). The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension and OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities.

### *Sensitivity of College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate*

The following presents the College's proportionate share of the net pension liability as of June 30, 2018 calculated using the discount rate of 7.5% (7.0% for the Hybrid Plan), as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
College's proportionate share of the net pension liability	\$ 32,666,349	\$ 25,076,508	\$ 18,686,345

The following presents the College's proportionate share of the net pension liability as of June 30, 2017 calculated using the discount rate of 8.0% (7.0% for the Hybrid Plan), as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (7.0%)	Current Discount Rate (8.0%)	1% Increase (9.0%)
College's proportionate share of the net pension liability	\$ 32,827,962	\$ 25,492,530	\$ 19,308,056

# JACKSON COLLEGE

## Notes to Financial Statements

### *Sensitivity of College's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate*

The following presents the College's proportionate share of the net OPEB liability as of June 30, 2018 calculated using the discount rate of 7.5%, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
College's proportionate share of the net OPEB liability	\$ 10,129,661	\$ 8,648,302	\$ 7,391,092

### *Sensitivity of College's Proportionate Share of the Net OPEB Liability to Healthcare Cost Trend Rate*

The following presents the College's proportionate share of the net OPEB liability as of June 30, 2018 calculated using the assumed trend rates, as well as what the College's proportionate share of the net OPEB liability would be if it were calculated using a trend rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (6.5%)	Current Healthcare Cost Trend Rate (7.5%)	1% Increase (8.5%)
College's proportionate share of the net OPEB liability	\$ 7,323,949	\$ 8,648,302	\$ 10,152,012

### *Change in Pension Plan Actuarial Assumption*

On February 23, 2017, in accordance with PA 300 of 1980, as amended, the Michigan Public Schools' Employees Retirement System Board approved a decrease in the assumed investment rate of return (discount rate) used in the System's annual actuarial valuation for the non-hybrid defined benefit pension plan from 8.0% to 7.5% effective for the September 30, 2016 valuation and following.

The September 30, 2016 Annual Actuarial Valuation Report will be used to establish the employer contribution for fiscal year beginning October 1, 2018 and will be based upon the 7.5% investment rate of return assumption. The actuarial computed employer contributions for fiscal year 2019 and beyond and the net pension liability as of June 30, 2019 and beyond will increase as a result of lowering the assumed investment rate of return.

# JACKSON COLLEGE

## Notes to Financial Statements

### *Pension and OPEB Plans Fiduciary Net Position*

Detailed information about the pension and OPEB plan's fiduciary net position is available in the separately issued MPSERS financial statements available on the State of Michigan Office of Retirement Services website at [www.michigan.gov/orsschools](http://www.michigan.gov/orsschools).

### *Payable to the Pension Plan*

At June 30, 2018, the College reported a payable of \$294,811 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2018. The College reported a payable of \$264,347 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2017.

### *Payable to the OPEB Plan*

At June 30, 2018, the College reported a payable of \$50,599 for the outstanding amount of OPEB contributions to the Plan required for the year ended June 30, 2018.

### Defined Contribution

Effective July 1, 1996, the College established the Jackson College Optional Retirement Program ("JCCORP"), a defined contribution pension plan qualified under Section 414(d) of the Internal Revenue Code. Under this plan, eligible employees as of July 1, 1996 and who are members of MPSERS, may continue their membership in MPSERS or may elect to participate in the plan and retain limited membership in the retirement system. An employee becoming eligible after July 1, 1996 may elect to become a member of MPSERS or to participate in JCCORP. Benefit provisions and contribution requirements are established and may be amended by the College. Required contributions are made by the College and the participants at a rate of 14% and 4% of eligible compensation for Staff and Faculty, respectively, and 15% and 4% of eligible compensation for Administration, respectively. For the years ended June 30, 2018 and 2017, the cost of this plan to the College was approximately \$1,227,000 and \$1,206,000 and participant contributions in the form of payroll deductions were approximately \$346,000 and \$339,000, respectively.

# JACKSON COLLEGE

## Notes to Financial Statements

### 8. RELATED PARTIES

#### Jackson College Foundation

The College employs all Foundation staff and charges the Foundation an allocation percentage to cover a portion of such personnel costs, as well as other Foundation related costs by the College. In addition, the College received payments from the Foundation for student scholarships and other support, including capital gifts, totaling \$952,949 and \$318,629 for the years ended June 30, 2018 and 2017, respectively. The College entered into a lease agreement with the Foundation on July 1, 2012 related to its W. J. Maher Campus building. The Foundation charged the College \$175,000 in rent for both fiscal 2018 and 2017.

#### Dahlem Environmental Center

In August 2005, the College spun off its Dahlem Environmental Center (the "Center") operations by entering into an agreement with The Dahlem Conservancy (the "Conservancy"), an independent, nonprofit organization, and the private donor of the Center's property. Under this agreement, the College leases the Center's property to the Conservancy for a term of 30 years at an annual amount of \$1. The agreement also states that any endowment gifts received for the benefit of the Center will be restricted support of the Foundation, and the Foundation annually distribute 5% of the total endowment funds held for the benefit of the Center to the Conservancy in quarterly installments.

#### Jackson College Dormitories

In August 2014, the College created Jackson College Dormitories (JCD), a separate tax exempt corporation following IRS code 501(c)(3). The creation of JCD was solely to finance and construct Campus View 3. JCD's expenses include depreciation on the building, interest payments on debt, direct utilities and other direct expenses covered by the rental income. The College collects and distributes rents for/to JCD and provides management and cleaning of the building. For the 2018 and 2017 fiscal years, the College paid JCD \$946,400 and \$906,000, respectively, in rental revenue.

### 9. UNRESTRICTED DEFICIT

The College, through Board of Trustees action via the budget process, has designated the use of unrestricted net position (deficit) for the following purposes at June 30:

	2018	2017
Major maintenance and equipment replacement	\$ 3,856,326	\$ 6,545,282
Future operations	9,671,867	5,477,298
Total designated	13,528,193	12,022,580
Pension and OPEB liability fund deficit	(35,359,201)	(28,734,848)
Undesignated	701,808	701,068
Total unrestricted net deficit	<u>\$ (21,129,200)</u>	<u>\$ (16,011,200)</u>

# JACKSON COLLEGE

## Notes to Financial Statements

### 10. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the years ended June 30, 2018 and 2017, the College carried commercial insurance to cover all risks of losses. The College has had no settled claims resulting from these risks that exceeded its commercial coverage limits in any of the past three fiscal years.

### 11. COMMITMENTS, UNCERTAINTIES AND OTHER MATTERS

#### Government Programs

The College conducts certain programs pursuant to grants and contracts funded, and subject to audit, by various federal and state agencies. Amounts questioned as a result of audits, if any, may result in refunds to these governmental agencies. Any liabilities for reimbursements which may arise as the result of these audits is not believed to be material.

#### Employment Contract

The College is obligated pursuant to the terms of the College President's employment contract to provide housing in which the President is required to reside, maintain the buildings and grounds and pay all utilities furnished for the President's residential housing, annually reimburse certain expenses connected with the Office of the President, and annually provide an agreed upon amount of deferred compensation payable upon termination of the President's tenure. The President's employment agreement is currently scheduled to expire on August 31, 2022.
