Policy Summary:

It is the policy and practice of Jackson College (JC), in the conduct of its operations, to follow all applicable Federal and State laws and funding regulations.

Policy Statement:

Federal funds, received under the Perkins Act, will be so used to supplement, and not supplant, the educational programs generally offered with State and local funds. To be in compliance with this requirement, JC may not divert State and local funds from an activity merely because Perkins funds are available. Compliance is monitored through an annual independent audit and reported, through the audit, to the JC Board of Trustees.
