How to Set up JC-Wifi
On Android

1. Open Settings, -> Select **Connections**

![Connections Settings](image)

2. Turn on and select the **Wi-Fi -> JC-WiFi**

![Wi-Fi Selection](image)
3. Fill in the following fields:
   a. EAP Method -> **PEAP**
   b. Phase 2 authentication -> **MSCHAPV2**
   c. CA Certificate -> **Don’t validate**
   d. Identity -> Your **JC Username**
   e. Anonymous Identity -> No changes
   f. Password -> Your **JC password**
   g. Select "Auto reconnect". It should connect automatically in the future.
