**BOARD POLICY:** Open Meetings Act – Act 267 of 1976

Description:

In accordance with the Michigan’s Open Meetings Act (OMA), 1976 PA 267, MCL 15.261 et seq, all public bodies are required to hold their gatherings in public, if a quorum of the board is present.

As further clarified in the Open Meetings Act Handbook, prepared by Michigan Department of Attorney General’s Office, while the OMA “does not apply to a meeting which is a social or chance gathering or conference not designed to avoid this act,”28 a meeting of a public body must be open to the public. Though no board discussion or decisions are undertaking during the Board’s dinner, the Jackson College Board has broadly interpreted this gathering to be a ‘meeting of a public body’ and, as such, is open to the public, though there is no opportunity for the public’s input during this dinner gathering.

Resource Impact:

None

Requested Board Action:

Board members partake in a purely social dinner gathering, prior to the regular Board meeting.

Action Taken:

Parliamentary procedure is a set of rules for conducting orderly meetings of the Board of Trustees that accomplish goals fairly. Excerpts from Robert’s Rules of Order Newly Revised – 12th Ed. (RNOR), includes provisions for small assemblies (i.e., a grouping of 12 or fewer members). These rules apply to the Board committees as well.

I. General Principles:

RONR provides that Board of Trustees meetings are not to be conducted with the formality of a large assembly, but some general principles apply. Namely:

1. A quorum must be present for business to be conducted.
2. All Trustees have equal rights, privileges and obligations.
3. No person should speak until recognized by the chairperson.
4. Personal remarks or sidebar discussions during debate are out of order.
5. Only one question at a time may be considered.
6. Only one person may have the floor at any one time.
7. Trustees have a right to know what the pending question is and to have it restated prior to a vote being taken.
8. Full and free discussion of every main motion is a basic right.
9. A majority decides a question except when basic rights of members are involved or a rule provides otherwise.
10. Silence gives consent. Those who do not vote allow the decision to be made by those who do vote.
11. The chair should always remain impartial.

II. Unique Components to Small Assemblies:

These rules/exceptions are called the *Rules of Order for Small Assemblies*. However, the following RONR modifications to the Rules for small assemblies are notable and must be adhered to:

1. Members are not required to obtain the floor before speaking or making a motion, which can be done while seated. The chairperson merely recognizes the person.

2. Motions need not be seconded, although the chair should repeat the motion so that the meeting knows what is being talked about and before there is a vote, the proposed resolution should be repeated by the chair unless the resolution is clear. (A long motion should be in writing to assist the chair.)
3. There is no limit on the number of times that a person can speak, although in boards and committees it is not proper for a member to speak if a person who has not spoken wishes to be recognized. It is never proper to interrupt.

4. Informal discussion on a topic is permitted, even though no motion is pending. (It is required, however, to stick to the agenda.)

5. When a proposal is perfectly clear to the assembly, a vote can be taken without a motion having been made, but the chair is responsible for expressing the resolution before it is put to a vote.

6. The chair need not rise while putting questions to a vote.

7. The chair can participate in the discussion and unless there is a rule or custom of the board or committee to the contrary, can make motions and vote.

8. In order to have the benefit of the committee’s or board’s matured judgment, no motions to close or limit debate (such as “calling the question”) are permitted.

III. Amendments:

A "motion to amend" can accomplish one or more of the following: 1) Inserting new language; 2) Striking language; and 3) Striking language in favor of adding new language.

Any motion can be amended by a subsequent motion. If the person who made the original motion consent to the amendment, the amendment is then deemed to be “friendly” amendment and it does not require additional support from another person; additionally, the matter is not subject to debate. If an amendment is not deemed friendly, it does require a person to second the amendment. Such a motion must then be debated and voted upon, before the debate resumes on the original motion.

A person wishing to make an amendment cannot interrupt another speaker. The chair should allow full discussion of the amendment (being careful to restrict debate to the amendment, not the original motion) and should then have a vote taken on the amendment only, making sure the board members know they are voting on the amendment, but not on the original motion.

If the amendment is defeated, another amendment may be proposed, or discussion will proceed on the original motion.

If the amendment carries, the meeting does not necessarily vote immediately on the "motion as amended." Because the discussion of the principle of the original motion was not permitted during debate on the amendment, there may be members who want to speak now on the issue raised in the original motion.

**BOARD POLICY:** EXECUTIVE LIMITATIONS: EL-01 Treatment of Learners

**Description:**
Enclosed for their regularly scheduled review are my interpretations for policy EL-01 Treatment of Learners.

I am recommending some changes to my interpretations since the Board last reviewed them for your consideration. Please find attached a version that tracks my recommended changes, as well as a clean version implementing my recommended changes.

**Resource Impact:**
None

**Requested Board Action:**
Consideration of accepting or not accepting my interpretations for policy EL-01 Treatment of Learners as demonstrating a reasonable interpretation of the policy.

**Action Taken:**
Note: Board Policy is indicated in bold typeface throughout the report.

POLICY STATEMENT: The CEO shall not cause or allow conditions, procedures or decisions related to the treatment of learners that are unsafe, unfair, inequitable, disrespectful, or unnecessarily intrusive.

INTERPRETATION:
I declare full compliance with this policy statement unless specified within the following report.

Further, without limiting the scope of the above statement by the following list, the CEO shall not:

1. Permit learners and others who use College property and equipment to be without reasonable protections against hazards or conditions that might threaten their health, safety or well-being.

INTERPRETATION:
Compliance will be demonstrated when:

a) There are operational policies in place to protect learners from any conditions that might threaten their health, safety or well-being, all of which are accessible on the College’s web page, which are reviewed every two years to ensure relevancy and currency. Specifically, these policies are:
   a. Tobacco Free Environment 1715.
   b. Threats and Violence 2609.
   c. Learner Rights, Responsibilities and Code of Conduct 2701.
b) Safety Data Sheets (SDS) are maintained and accessible upon request to employees and learners in compliance with OSHA standard 1910.1200(b)(4)(ii) 
*College maintains copies of any SDS that are received with incoming shipments of the sealed containers of hazardous chemicals, The College obtains a safety data sheet as soon as possible for sealed containers of hazardous chemicals received without a SDS. The College shall ensure that the safety data sheets are readily accessible during each work shift to employees when they are in their work area(s)*.

c) There is a current plan in place for snow and ice removal.

d) A current emergency reference guide is available on-line and new Emergency Posters have been installed on hallway walls throughout all College buildings. The guide content and placement of the guide is consistent with advice from local police and fire departments.

e) A Drug Free Schools and Campus Plan, which is reviewed every two years and complies with the Drug Free Schools and Campuses Regulation (EDGAR Part 86), is accessible on the website. Additionally, Institutions of Higher Education (IHEs) receiving Federal funds or financial assistance are required to maintain programs which prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by learners and employees.

f) A Campus Security Report is published annually and presents statistics for crimes reported to the Office of Campus Safety and Security during the last three years. This meets the requirement of Clery Act that colleges and universities publish a Campus Crime Annual Report.

g) A pandemic plan is current and accessible on the College’s website together with the most up to date information on COVID-19 for learners and employees. All pandemic related efforts, including prototyping and reintroduction of College activities are reviewed by the College’s Reintegration Task Force (RTF), and subsequently by the College’s Leadership Council.

h) Learners and employees have easy access system which communicates campus closings and cancellations due to weather or other emergency situations and are aware of how to access the system.

i) Annual elevator inspections, boiler inspections and quarterly fire system inspections are completed.

j) Mental and physical health services, through Family Services & Children’s Aid, and Henry Ford Jackson Hospital respectively, provide related services for all learners and employees.

This interpretation is reasonable because it ensures compliance with some key legal requirements to ensure the safety of all who are on campus.
1.1. Allow learners to be without current, enforced policies that minimize the potential for exposure to harassment, provide remedy for harassment situations, and provide methods for dealing with individuals who harass.

**INTERPRETATION:**

Compliance will be demonstrated when:

a) The College has a Sexual Discrimination/Harassment Policy which is accessible to learners and employees that is reviewed every two years, including legal review.

b) An Incident Reporting Form and anonymous tip line are available to learners to report issues of harassment and is easily accessible.

c) The College has identified a full-time Compliance Officer who also assumes responsibilities of Title IX Coordinator and their contact information is easily accessible to learners.

d) Initial information is gathered in response to any incident report or anonymous tip of harassment and when warranted, the Title IX Officer works with the College investigator and the College attorney until there is a resolution.

e) Results of all sexual discrimination and harassment investigations are retained by Human Resources.

f) The annual federal filing of the Clery Act report includes a report of all harassment incidents.

g) All employees complete the required periodic training on recognizing harassment.

h) New employees review all College policies which includes the Sexual Discrimination/Harassment Policy.

The interpretation is reasonable because it includes all elements required for compliance with legal requirements required by the Clery Act and it is consistent with College’s zero tolerance focus.

2. Deliver programs in a manner that is insensitive to learners’ culture.

**INTERPRETATION**

Compliance will be demonstrated when:

a) The College delivers or makes available equity training, cultural training and ongoing professional development to all employees.

b) The Chief Diversity Officer ensures the curriculum is unbiased, is inclusive, and creates a sense of belonging.

c) The College works with focus groups of learners and staff, Affinity Group Representatives of various populations to increase understanding and connection with the respective local communities. This helps the College to better serve these diverse populations, and encourages a more welcoming institution. These affinity groups include African American, LatinX, Asian/Pacific Islander, LGBTQIA+, Elder & Faith. The LGBTQIA+ and Elder liaison positions are currently posted.

d) The interpretation is reasonable because the processes reflect best
practices and current thinking and research.

3. Permit violation of learner confidentiality and privacy, except where specific disclosure is required by legislation or regulation.

**INTERPRETATION**

Compliance will be demonstrated when:

- a) A policy is in place and current (reviewed every two years) that demonstrates the college is in compliance with the Family Educational Rights and Privacy Act (FERPA).
- b) Training is mandatory for all new employees and ongoing training is available for all employees.

The interpretation is reasonable because it ensures compliance with legal requirements and is a required training for new employees.

3.1. **Use forms or procedures that elicit information for which there is no clear necessity.**

**INTERPRETATION**

Compliance will be demonstrated when:

- a) No requests for data/information are approved without having a necessary reason to do so as outline in policy 2801 Access to Learner Information policy.
- b) Internal forms that undergo content change are reviewed by respective committees.

The interpretation is reasonable because it ensures compliance with the College’s policy, which meets legal requirements.

3.2. **Use methods of collecting, reviewing, storing or transmitting learner information that inadequately reasonably protects against improper access to personal information.**

**INTERPRETATION**

Compliance will be demonstrated when:

- a) Learner information is collected, stored and transmitted using methods that are consistent with FERPA standards for protecting against improper access. These practices are defined through policy 1614 Information Security.
- b) An annual external Information Technology Security audit is conducted every year.

The interpretation is reasonable because these standards are aligned with FERPA standards and that external audit provides transparency and helps systematically review the colleges policies and practices to identify any potential security issues.
4. Permit admission, registration, evaluation, or recognition processes that treat learners unfairly inequitably.

INTERPRETATION

Compliance will be demonstrated when:

a) There is an academic complaint process for incidents where learners feel they have been unfairly inequitably graded with successive levels of complaint.

b) The College offers a wide variety of recognition methods which celebrate our learners’ differences. These include the Kente Celebration, Ready Set Jet ceremony, academic achievement celebration, Phi Theta Kappa honors, outstanding learner award, learner excellence awards, and academic and athletics scholarships.

The interpretation is reasonable because it identifies intentional actions which are consistent with the philosophical foundation in College’s Equity statement.

5. Permit unfair inequitable, inconsistent or untimely handling of learner complaints.

INTERPRETATION

Compliance will be demonstrated when:

a) A timeline that is prescribed for non-academic and financial aid appeals is in place and these timelines are included in the respective forms.

b) Regarding academic complaints, the faculty follow a process that is outlined online.

The interpretation is reasonable because timelines are provided for learners.

5.1. Permit learners to be without a process for registering a complaint or concern, including an appeal process, or to be uninformed of the process.

INTERPRETATION

Compliance will be demonstrated when:

a) College employs a fulltime Learner Resolution Advocate whose identity and contact information are on the website and accessible by learners.

b) Academic Complaint, Financial Aid Appeal and Non-Academic Appeal forms are accessible online with timelines

c) Learner Appeals policy and processes are reviewed every two years.

The interpretation is reasonable because the practices and policies have been developed over time with experience and with reference to practices by other Colleges and are subject to a third-party audit that verifies their appropriateness.

6. Permit learners to be uninformed of learner rights and responsibilities, including expectations for learner behavior, and the consequences of failure to adhere to the expectations.
INTERPRETATION

Compliance will be demonstrated when:

a) The Learner Rights, Responsibilities and Code of Conduct Policy is accessible on website and reviewed every year.

b) There is standardized communication to new learners regarding the Learner Rights, Responsibilities and Code of Conduct Policy

The interpretation is reasonable because it is based on best practices used by other institutions.

6.1 Permit learners participating in short-term programs (including, but not limited to College pilot and exploratory programs and services, short-term grant funded programs, short-term financial aid programs, and emergency response programs) to be without written acknowledgment of the short-term nature of the program, its expectations and contingencies.

INTERPRETATION

Compliance will be demonstrated when:

a) All learner participants have signed and acknowledged the short-term program and service structures stating that they understand the program's limitations, as well as the learner’s responsibilities and commitments for which they will be held accountable.

The interpretation is reasonable because it ensures written acknowledgement of expectations and contingencies without obligating the College to unexpected operations expenses.

7. Retaliate against any learner for non-disruptive expression of dissent.

INTERPRETATION

Compliance will be demonstrated when:

a) The college has a Demonstrations Policy in place and up to date that protects learner free expression.

The interpretation is reasonable because it is consistent with federal law and interpreted by legal counsel as a practical application.

8. Permit decisions affecting learners to be taken without appropriate notification to learners.

INTERPRETATION

Compliance will be demonstrated when:

a) The College maintains Learner Consumer Information as required by the Higher
Education Opportunity Act of 2008 and notifies learners three times per academic year that this information is available.

c) The College maintains multiple methods of communication to include a weekly announcement sent out to learners and social media sites.

The interpretation is reasonable because it ensures the College meets state and national requirements and that communication methods are in place for notifying learners.

INTERPRETATION:
I report full compliance with this policy statement and subsequent policy subsections noted below.

Further, without limiting the scope of the above statement by the following list, the President/CEO shall not:

1. Allow staff to be without current, enforced, written human resource policies that clarify expectations and working conditions, provide for effective handling of grievances, and protect against wrongful conditions.

The final requirements needed for the sale of our Adrian Campus are nearly complete. Enclosed, please find a resolution for the State Building Authority (SBA), notifying same that we willingly commit to the complete responsibility of the building from the State of Michigan. (Recall that the SBA technically owns the building until the construction bonds were retired – which now has been completed). Once you approve this resolution, I can work with my colleague at the LISD to advance the sale of the facility. Once in the possession of the LISD, we will rent space in the building as demand indicates...

Dear Mr. Phelan:

As a result of savings achieved through the State Building Authority’s 2023 Series II bond issue, the lease associated with the Jackson College Lenawee Extension Center has been canceled. The College is now eligible to request a reconveyance of the property which was deeded to the Authority by the College pursuant to the project financing and underlying Lease. In order to accomplish this result, the Authority will need a formal request for reconveyance from the College.

For your convenience, a form of resolution providing for the request and other requirements of the Lease precedent to the reconveyance is enclosed. Please note that you will need to complete the information in the resolution as to the officers who will be authorized to execute the documents. Also note pursuant to the Lease, in order to release the property, it will be necessary to provide a $1.00 payment in the form of a check made payable to the State of Michigan, as the nominal consideration to the Authority. After your governing body has passed the resolution, please have the enclosed form of certificate regarding the resolution completed and return to the Authority's office with the $1.00 payment.

A quitclaim deed to reconvey the property is also enclosed. Please review and verify the applicable legal description(s). If any revisions to the quitclaim deed are necessary, please return the deed with the resolution and certificate regarding resolution. Upon receipt, the Authority will make any necessary revisions to the quitclaim deed and return the deed to you. Once the deed has been revised, or if no revisions are necessary, please have the deed signed by an authorized officer, notarized and returned to the Authority for recording. In order to record the deed,
the Authority will need a check made payable to Jackson County Register of Deeds in the amount of $30.00. After recording, the original recorded deed will be returned to you.

If you have any questions, please feel free to contact me at (517) 526-2046.

Description:

Section 230 of PA 103 of 2023, the Fiscal Year 2024 community colleges appropriations bill contains the qualifications that must be met to receive the portion of each college’s performance funding appropriation earmarked for local strategic value. The statute lists 15 separate best practices for community colleges to achieve. Institutions must satisfy 4 of 5 best practices in each of 3 different categories. To demonstrate eligibility for this funding, Section 230 requires that each community college certifies compliance to the State Budget Office by means of a board of trustees resolution certifying that the college has met 4 of 5 best practices in each category. Further, each board resolution “shall provide specifics as to how the community college meets each best practice measure within each category.”

Enclosed for the Board’s review is the resolution certifying that the College not only meets, but exceeds all of the best practice standards required by State appropriations.

Section 230 of PA 103 of 2023, the Fiscal Year 2024 community colleges appropriations bill contains the qualifications that must be met to receive the portion of each college’s performance funding appropriation earmarked for local strategic value. The statute lists 15 separate best practices for community colleges to achieve. Institutions must satisfy 4 of 5 best practices in each of 3 different categories.

To demonstrate eligibility for this funding, Section 230 requires that each community college certifies compliance to the State Budget Office by means of a board of trustees resolution certifying that the college has met 4 of 5 best practices in each category. Further, each board resolution “shall provide specifics as to how the community college meets each best practice measure within each category.” This resolution must be properly passed by the board and submitted to this office on or before October 15, 2023. However, if a resolution from a prior year is still in effect and factually correct, you may resubmit this resolution. Please send a copy with an indication of the date of its passage.

Please use this table as a method to briefly detail what your community college is doing to meet the best practices in each category. Each category is worth one-third of the total amount available for your institution. Your institution must meet 4 out of 5 best practices in a category to receive funding associated with that category.

Jackson College not only meets, but exceeds the best practice standards required by State appropriations, as the following table demonstrates.

Aid, a health care organization with Community/Behavioral Health as their primary medical specialization, to provide a wide range of behavioral health services on campus to students and employees in the College-created Oasis Center.

Jackson College continues to partner with other local employers and training partners to develop new curricula, training programs, and seek external funding in support of shared initiatives. For example, numerous local dentists worked with the College to create a new dental hygiene program and a Dental Hygiene Lab which opened in 2019. Furthermore, our community is served by our program’s Dental Hygiene Clinic, which opened in January 2020. It provides students, employees, as well as citizens of the area with the opportunity to have highly discounted teeth cleaning and oral hygienic services.

The Dental program has graduated three different cohorts, June 2021, 2022, 2023. All graduates earned employment and passed the licensures exams, earning the licensed dental hygienist credential (RDH).

Jackson College is partnering with Technique, Inc. to offer JC courses as part of their new employee training programs. Currently, Technique has embedded JC courses into a Welding and CNC new hire training program, called TechniqueU. During SU22, 5 new employees enrolled in training through Corporate and Continuing Education.

The College is also engaged with many companies that are new to the area, or are expanding, though the Michigan New Jobs Training Program (MNJTP). A sampling of employers being served through various MNJTP training initiatives includes Lifeways CMH, Lomar Machine & Tool, Technique Inc., Brembo North America, PlaneWave Instruments, ACME Graphics, LLC., Commonwealth Associates, Inc.,

Furthermore, all our students in occupational programs require a robust work-based learning experience. The Work-Based Learning Program at Jackson College is an academic program where students earn academic credit and learn to apply classroom skills while establishing professional contacts with employers on the job. These opportunities are offered through collaboration with local businesses, industry and governmental organizations. This program has strengthened our relations and collaborations with local employers. |

Through Connect with My Future, this partnership expands wrap-around services available to eligible students by braiding WIOA and Federal Financial Aid funding and community resources.

In Lenawee, we partner with MWSE, which holds HSE (e.g., GED) courses onsite at JC @ LISD TECH. In Hillsdale County, we partner with the HCISD and Michigan Rehabilitation Services in providing Transitions Programming for students with IEP’s/504’s, onsite at the JC LeTarte’s Center.

To assist the full Board of Trustees in their work of annual policy reviews, Trustees will be assigned specific policies to which they will lend their enthusiasm, experience, and/or expertise toward a pre-review.

Via this pre-review, Trustees will offer recommendations for amendments (or lack thereof) to their assigned policies at the respective Board meeting at which the policy is up for review, for the consideration of the full Board.

Procedural Steps:

1. Annually at the Board’s Summer Retreat, Trustees will discuss the specific policies they will pre-review for the upcoming fiscal year via the attached schedule.

2. At least two (2) Board members may be assigned to the pre-review for any given policy.

3. Trustees will offer their recommendations for amendments (or lack thereof) to the full Board via the Board packet 1 week prior to the Board meeting at which the policy is up for review.

4. The Chief Assistant to the President & CEO will assist in coordinating pre-review meetings as requested. The recommendation is to conduct the initial review of assigned policies one month in advance of the Board meeting at which recommendations are scheduled to be presented to the full Board. This initial review could take place at 5:00pm prior to a Board meeting dinner.

5. Pre-review meetings will include the participation of the CGO, CEO, and/or other Policy Governance consultant.

   **2.1. Internal report:** Disclosure of compliance information by the CEO, along with his or her explicit interpretation of Board policy, and justification for the reasonableness of the interpretation.

   **2.2. External report:** Discovery of compliance information by an external, disinterested third party, who has appropriate qualifications and a suitable level of independence from management, and who is selected by and reports directly to the Board. The CEO should be notified of this activity.

   **2.3. Direct Board Inspection:** Discovery of compliance information as directed by Board action. Such an inspection requires notification of the CEO.

8. Item 3:

Regardless of the method of monitoring, the standard for compliance shall be any reasonable CEO interpretation of the Board policy being monitored. The Board is the final arbiter of reasonableness, but will always judge with a “reasonable person” test rather than interpretation favored by Board members, the disinterred third party, or even the Board as a whole.

10. Item 4:
Upon the choice of the Board, any policy can be monitored by any of the above methods at any time. For regular monitoring, however, each Ends and Executive Limitations policy will be classified by the Board according to frequency and method.

Have we acted consistently with this item of policy?

11. Provide specific representative examples to support your above response when applicable.

12. Item 5:

A formal evaluation of the CEO by the Board will occur annually in August, based on the achievement of the Board’s ENDS Policies and non-violation of its Executive Limitations policies. This formal evaluation will be conducted by cumulating the regular monitoring data provided during the year and the Board’s recorded acceptance or non-acceptance of the reports, and identifying performance trends evidenced by that data.

**BOARD POLICY:** EXECUTIVE LIMITATIONS: EL-01 Treatment of Learners

Description:  

In response to the Board’s 08.14.23 request for additional information regarding Safety and Security, as well as the RSJ Program, I have attached a memo that highlight our work in these areas.

I continue to be quite proud of our security team as we ensure that our College remains a safe and secure place to learn and grow. At the time of this writing, I will have met with Trustees Simpson and Heins in an effort to get their thoughts concerning our current approach to safety and security.

The RSJ program concluded this summer, funded in large measure by a one-time State grant. Based upon our learnings of this pilot program, we are going to expand our summer program with some modified design, beginning in the summer of 2024.

As always, I will address any questions you may have.

Resource Impact:  

Budget implications for the RSJ Program.

Requested Board Action:  

Receive requested report on the RSJ pilot program.

Action Taken:
Per the Board’s request, I offer the following in response to Member inquiries, regarding campus security and the RSJ Program, from the Board Meeting on 08.14.23:

I. STATUS OF SECURITY

Upon my arrival in April 2001, security on campus was little more than a ‘night watchman’. Over the years, given increasing societal concerns, I have improved the structure and depth of security service to a high level, indeed more than most of our peers with a similar footprint. The total, annual cost of security at Jackson College for FY’24 is $912K. In terms of staffing—armed, there are 13 (8 full-time, and 5 part-time). Unarmed staffing is comprised of 10 full-time and 8 part-time. At any given moment, there are 4 security guards on campus.

The chronological listing below provides an overview of our improvement of safety and security growth and activities to date:

- **2000** - Contracted guard service through Rollins Guard Service (for a night watchman) to lock buildings and perform building security and boiler operational checks.
- **2002** - A College-developed security Internship program was started as part of our Criminal Justice Associate Degree Program. Students, known as “Red Shirts” augmented our foot patrol efforts, as well as assisting with student lock outs, walking students to their vehicles, and enhanced the overall visibility of security services.
- **2006** - Athletic programs were brought back to the Central Campus after a 25-year hiatus, which required more security coverage.
- **2007** - The College’s first student residence hall, (CV#1, now Gold Hall), opened requiring additional desk coverage services.
- **2008** - We created the first-ever JC Security Department. Further, the department included full-time and part-time armed staff, as well as security interns.
- **2009** - We opened CV2, now Maroon Hall, which required additional desk coverage.
- **2012** - To expand our efforts, and help to mitigate costs, we contracted with an external security firm, ArmorKnight.
- **2014** - We added a Jackson County Sherriff's office deputy to our campus security detail, which included a patrolling car.
- **2015** - We added more contracted security services through DK Security, again to provide coverage, and help manage costs.
• **2015** - We opened CV#3, now Campus View, requiring additional desk coverage.

• **2023** – In light of constant turnover in external security staff, in January, I made the decision to move Safety and Security in-House at the College. We are still staffing.

• **2023** – I appointed Greg Klaus to provide oversight to our security operations, given that he has experience in the area, but also has connections with our students through hospitality and residences.

I have personally interviewed nearly all of the safety and security staff and find them to be individuals who are committed to our collective safety, as well as the College’s TCS² culture. We have created a monitoring station in the Hangar wherein security staff daily monitor hundreds of cameras across campus. They engage in routine foot and motor patrols across campus. They have participated in regular professional development and realize that their work is one of service.

I personally monitor written reports from security staff that outline incidences of poor student behavior and judgment. I am often surprised at the nature of these reports and the disrespect that can be exhibited toward our security staff. Recall that the College also makes use of a student judicial process whereby all students can make an appeal regarding College action resulting from poor behavior.

Finally, from a facilities perspective, our staff have done an exceptional job ensuring that there are good sight lines across campus. We have also limited the potential areas for hiding and have increased campus lighting to a very high level. Future building designs and renovations contemplate vital safety provisions in all respects.

**II. STATUS OF READY, SET, JET**

We now concluded the 4th year of our Ready, Set, Jet program and have learned a great deal in the process. Now that the grant has concluded, it seems like a good time to evaluate the program’s goals, effectiveness, and future. Here are some points for your edification.

**The Ready Set Jets pilot program experience to date:**
Ready Set Jet (RSJ) began as an enhancement of the College’s summer bridge program, and focused on underserved students, helping them to have a better chance at a college education. The RSJ program has been offered since 2019 and is a five-and-a-half-week program. It has offered academic training and wraparound support services, peer mentoring, on-campus housing, superb and passionate faculty, academic tutoring, and a leadership series from community mentors, all while earning college credit. The chart below outlines our experience over the period:

<table>
<thead>
<tr>
<th>RSJ Cohort</th>
<th>Cohort Start</th>
<th>Persistence to Fall Term</th>
<th>Retention to Spring Term</th>
<th>Retention to Next Fall Term</th>
<th>First Term Average GPA</th>
<th>Completers</th>
<th>Still Enrolled</th>
</tr>
</thead>
</table>
Following our experience with the FY 22 RSJ cohort, I asked that the team look at having a plan that might continue to provide mentoring support for these students, and would span for 2-years, to see if this would have a positive impact on retention and completion. I also asked the group to seek out members of the community assist us as volunteer mentors to help with this work.

I quickly learned that the cost of the 2-year pilot peer mentoring program would be cost prohibitive (i.e., over $200,000). The summer grant from the State covered the peer mentoring (which included the cost of 12 peer mentor’s housing, meal plans, and employment of up to 15 hours per week at $14/hour), however that grant was concluded. Still, to provide some level of support, I did include about $90K in the budget to assist with the RSJ students. There was no FY ’24 budget contemplation covering the cost of food and housing for the peer mentors.

This re-designed approach to the pilot program, while designed as budgetarily sustainable for the 2023 cohort of RSJ learners and mentoring for 2 years, was met with dissatisfaction from the eliminated peer mentors. The dissatisfaction was because the peer mentors were not given notice in their pilot program on-boarding to understand the short-term nature of the pilot program and design expectations. Indeed, the peer mentors understood from college staff that they were “promised” continuing the pilot, in its current summer bridge design, for two full years, this despite the fact that we had only budgeted for stipends to help with mentoring only – not room and board.

Once I learned of this misunderstanding, I honored what they had been told by college staff, and reinstated the 2023 peer mentors, providing them once again with housing, meals, and employment through Spring 2024, with a renewing option through Spring 2025, if they remain qualified. As part of the reinstatement, I asked that the peer mentors were required to read and sign an agreement, reviewed by legal counsel, (which they all did sign), stating that they acknowledge the expected outcomes, employment terms, responsibilities, requirements, and accountability of the pilot program outlined in the agreement. I subsequently began scavenging for funds to amend the program budget to cover these new costs.

**Learnings from 2023 cohort experience:**
This scenario could have been avoided had the peer mentors been given the appropriate opportunity in their pilot program on-boarding to acknowledge their understanding of the potentially short-term nature of the pilot program, its expectations, and its contingencies. Procedures, communications, and management of the program were lax, and inconsistent with established student services admissions, enrollment, and support practices. There was not a connection between the program budget and actual operations. Student behaviors were challenging, with students stating they were unaware of requirements, such as curfew, etc. The
inclusion of 17-year-old minors in the program also created some anxiety insofar as they wanted to be in the general student population. It also appears that this important information was not conveyed to the students and parents and thus required security, whose job is to enforce the rules, to be the bearer of bad news.

**Going forward:**
In the summer of 2024, the summer bridge program will be expanded and re-marketed/promoted more broadly for both traditional and non-traditional learners to academically ready themselves for collegiate-level work. The program will be operated out of our Student Services department to ensure consistency with our college’s policy and practice. Based upon our learnings from the pilot, mentoring will continue to be an important component of the summer bridge program, though it may be accomplished by both faculty and other mentors. A sufficient budget will be established for the program in the FY ’25 budget. Residency will not be a requirement of the new, expanded program.

**Policy linkages and Implications:**
The following Board policies have either direct, or indirect application to our safety & security operations, as well as our summer bridge program.

**Security & Safety Operations:**
- EL-01 - Treatment of Learners – Safety for learners
- EL-02 - Treatment of Employees – safety; preparation for emergencies.
- EL-09 – Reporting of improper activities

**Summer Bridge Program:**
- EN-01 ENDS – innovative learning opportunities to prepare students, degree completion; diverse population support; and ancillary support.
- EL-01 Treatment of Learners – respectful and fair conditions; clear forms and procedures; informed learners; and appropriate notification.
- EL-03 Planning - proper planning and budgeting; organizational capacity.
- EL-07 Compensation & Benefits – promise or imply guaranteed employment.

Aside from the actions previously stated, as well as those that were put in place expeditiously and continue today, should the Board wish to amend its current policy, might I recommend this policy addition in red to policy EL-01 Treatment of Learners, during the next policy review cycle:

**6.1** Permit learners participating in short-term programs (including, but not limited to College pilot and exploratory programs and services, short-term grant funded programs, short-term financial aid programs, and emergency response programs) to be without acknowledgment of the short-term nature of the program, its expectations and contingencies.

**INTERPRETATION**
Compliance will be demonstrated when:
All learner participants have signed a document, acknowledging the short-
term and pilot program and service structures, stating that they understand
the program’s limitations, as well as the learner’s responsibilities and
commitments for which they will be held accountable.

The interpretation is reasonable because it ensures written
acknowledgement of expectations without obligating the College to
unexpected operations expenses.

I appreciate the Board’s request for the additional information concerning this
instructional program and our safety and security practices.
