# How To Access The
Adobe Creative Cloud Suite

How do I access Adobe Creative Cloud (Adobe CC)?

- You can access the Adobe CC suite on Jackson College (JC) computers. Adobe CC will be pre-installed and you can access their program in the bottom left corner of your screen, and search, "Adobe Creative Cloud."

- If you're unable to use the Adobe CC suite on a JC computer, please inform the JC Solution Center at jcsolutioncenter@jccmi.edu.

How do I log into Adobe Creative Cloud?

- Create an account using your Jackson College email. Using a personal email will not connect you to the license provided by Jackson College, therefore you will not have access to their applications.

  – Your screen should appear like the attached image.
    o When prompted chose Work/School account.

What applications are on Adobe Creative Cloud, and what do they do?
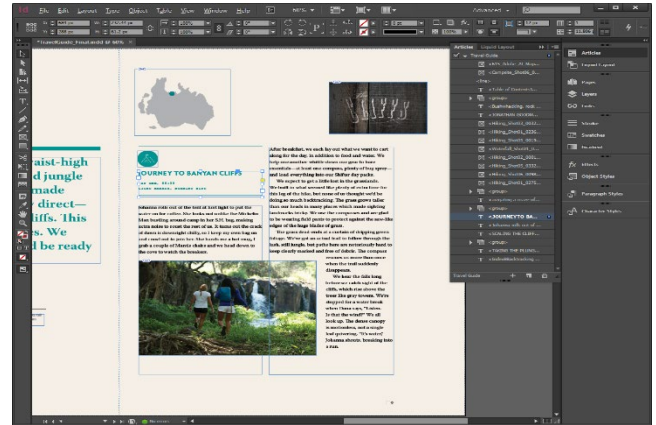

- Adobe has popular applications such as Photoshop, InDesign, Illustrator, Lightroom and an array of extensions. These applications can edit images, adjust light and tones, animate, illustrate, or even create videos.
