PUBLIC COMMENTS
There were no public comments offered, as no members of the public were attending on Zoom.

BUDGET
President Phelan provided an overview of the current FY ’20 performance to date, shared an update on cash flow and reviewed the proposed FY ’21 budget targets. Dr. Phelan noted that even with cuts made to-date, without additional infusions of cash, the College would be out of money in October. However, an aggressive recruitment and retention plan, as well as other cost reduction strategies, such as early buyout, employment freeze, and no wage increases, the Could have a balanced fiscal year. He also noted that any variation of items such as reductions in state aid, enrollment, etc., would have a very harsh impact upon the budget.

Trustee Hoffman commented that he is very supportive of the proposed budget that was shared and will support it at the May Board Meeting.

POLICY GOVERNANCE
Consultant Rose Mercier attended electronically and provided a presentation on monitoring which included reasonable interpretation. She led the board through the development of monitoring policies. Questions were addressed. President Phelan will work with Rose to begin the reports.

PLUS/DELTA
Chairman Barnes opened up time for plus and delta. President Phelan asked how everyone felt about the efficacy and utility of the virtual meeting. Comments noted that there were no technical issues but the concern of staying focused was brought up. It was suggested that breaks will be taken 10 minutes before the hour. Chairman Barnes asked for Sara to be the time keeper and remind folks when a break is coming.
