

Jackson College Best Practices Resolution

Community Colleges Local Strategic Values

Michigan public Act 265 of 2018, originates from an omnibus public education bill passed by the Michigan Legislature that includes appropriations of \$12,698,200 for Jackson College (JC). Among the components of the appropriations for all Michigan community colleges is performance funding based on “local strategic value,” which is defined in terms of three categories as shown below. Each category covers five standards of local strategic value, called “best practices”. The law requires the Jackson College Board of Trustees to pass a resolution certifying that the College meets at least four out of five of the best practice standards under each of the three categories.

Jackson College not only meets, but exceeds the best practice standards required by State appropriations, as the following table demonstrates.

Best Practices by Category	Examples of Adherence
Category A: Economic Development and Business or Industry Partnerships (must meet 4 of 5)	
<p>(i) The community college has active partnerships with local employers including hospitals and health care providers.</p>	<p>Jackson College has several partnerships with Henry Ford Allegiance, the area’s regional community hospital, as well as other health care providers. The Henry Ford Allegiance System supports on-campus health services; provides clinical sites for our nursing and allied health students; and Jackson College staff participate in community collaborative and governance efforts of the health system. Additionally, Jackson College has created an on-campus Health Clinic in partnership with Henry Ford Allegiance. It is used both as a clinical site for our allied health students, as well as a medical clinic for students, employees and their families. The College has a partnership with Family Service and Children’s Aid, a health care organization with Community/Behavioral Health as their primary medical specialization, to provide a wide range of behavioral health services on campus to students and employees in the College-created <i>Oasis Center</i>.</p> <p>Jackson College continues to partner with other local employers and training partners to develop new curricula, training programs, and seek external funding in support of shared initiatives. For example, numerous local dentists worked with the College to create a new dental hygiene program and of a Dental</p>
