Jackson College became a proud member of the League for Innovation in the Community College in October 2019.

We Are Jackson College: Summer 2021

Welcome back to campus // Potter Center returns
Jets Village family residences:
A new future can start now

Are you a parent looking for a fresh start, a chance to earn a college degree? Consider Jackson College.

Families may now live on campus in the Jets Village family residences, a group of six homes located on Central Campus, close to classes and support services. Family residences will be open to:

- Single students with dependent children;
- Legally married, with dependent children;
- Domestic partners, with dependent children;
- Expecting parents, married couples.

To qualify, students should enroll full-time in the fall, winter and spring semesters. Housing contracts will be 12-month terms, in order to encourage completion of an associate degree and provide stable housing for families. Rent will work out to just $425 per month, with utilities and Internet service provided! To apply, visit www.jccmi.edu/familyhousing.

New students can get a laptop!

To set students up for success, Jackson College will provide laptop computers to new students who register for at least six credits this fall.

Jackson College wants every student to reach their goals. Having the necessary learning resources is an important step. Providing students the technology they need to be successful in their classes aligns with the College’s Total Commitment to Student Success. Students must plan to earn an associate degree and enroll in at least six credits per semester. When they complete the associate degree, they may keep the laptop. If they fail to finish or drop below satisfactory academic progress, they must return the computer.

Registration for the fall semester is currently open. Students should complete the online application for admission and learn more about the laptops at www.jccmi.edu/laptop.

What’s new at Jackson College?

College programs designed to put you on the path to success!

You can find your way, at Jackson College!

Check out the complete list of programs, from short-term certificates to full associate degrees and transfer programs, at jccmi.edu/academics.
a letter from
President Phelan

Jackson College Welcomes You Home This Fall!

As you know, due to the pandemic, all our services, community programming, and most of our instruction switched to online back in March. Now, as the number of new COVID-19 cases decreases, combined with changes in federal and state laws, Jackson College feels it is time to welcome you home to our campuses.

We've missed you!

We look forward to providing the concerts, big-name performers, a wide range of college courses and degree programs, workplace training, catering, event planning and rental, the Front Porch Series, the Spooktacular, the Annual Easter Egg Hunt, as well as all of the other activities and events that you have come to know and love about Jackson College.
We are excited to welcome back our students! That said, if for any reason, as a college student, are not ready to return, or you prefer the flexibility, a complete array of online courses, as part of our Jackson Virtual College, are available.

The College will transition to full operations with employees returning to campus July 6. The College’s Central Campus, Jackson College @ LISD TECH, and LeTarte Center Hillsdale Campus will open to the public, by appointment, beginning on Aug. 2 (Note Our Maher Campus, located on I-94 in Jackson, will remain closed for the fall semester). We will fully reopen to the public on Aug. 30, which is also the first day of our fall semester. At that time, all campus buildings will be open, and offices will have in-person hours to serve you.

This newsletter contains important information about what fall will look like on campus. Please know that, while COVID-19 cases continue to decline, we will continue to provide a safe and caring environment for all of our students and guests. We look forward to seeing you soon!

Best wishes!
Daniel J. Phelan, President & CEO

College commits $21 million of emergency funds for our students

Jackson College cares about its students, especially in these difficult times. Of more than $27 million received in federal and state emergency funds, almost 80 percent will go or has gone back to students through online scholarships, emergency grants, laptops for new students and more.

Keep your distance
Social distancing is required on campus, in classrooms, walking down hallways, in breakout rooms and cafeteria.

Building QR codes
Students, employees and guests going into each building will scan a QR code with their smartphone and enter their names and phone numbers for contact tracing. Please check your phone’s capability; older phones may need an app downloaded from your app store.
