

Occupational Studies – Associate in Applied Science (OCST.AAS) at Jackson College to Bachelor of Science in Criminal Justice at Wayne State University

This Associate of Applied Science is designed specifically for students who have completed an apprenticeship program and received a certificate of completion from the U.S. Department of Labor/Bureau of Apprenticeship and Training. Apprenticeship occupations accepted are carpenter, cement mason, structural draftsman, machine builder, machine repair and maintenance, millwright, wood model maker, mold maker (plaster and die cast), operating engineer, plumber, pipe fitter, tool and die maker. Other apprenticeship programs would need to be reviewed on a case-by-case for consideration by the lead faculty. The curriculum will provide students with a strong academic foundation and introduce them to new ideas in sustainability, business, entrepreneurship, and computer systems

The Bachelor of Science in Criminal Justice is available to JC students that earn the Michigan Transfer Agreement (MTA), complete the WSU Criminal Justice Courses, and finish one of the Associate Degree programs listed in the Human Services Pathway with a cumulative GPA of 2.5 or higher.

Under this agreement, WSU will waive the 60-hour rule and require that a minimum of 40 credits be completed in courses offered by WSU. This allows students to complete more than 60 credit hours at JC, and have those hours applied toward their bachelor's degree.

All courses earned with a 2.0 or higher will be included in the transfer credit summary, except duplicated and/or remedial college-level courses.
