

WINTER CONVOCATION
JACKSON COLLEGE
Friday, February 1, 2019

Continental Breakfast

8:00am – 8:30am **Potter Center Second Floor Lobby**

Morning Session

8:30am – 10:00am **State of the College Address, in Baughman Theatre**

President Phelan will provide an update on the College.

10:00am – 10:30am **Break in Potter Center Second Floor Lobby**

10:30am – 12:00pm **Group Discussion**

Values and Beliefs BW144/145

Our values and beliefs are central to who we are as an organization and how we treat each other, our students and our guests. We use the values and beliefs as an integral part of our hiring process as well during the annual evaluation of employees. We believe in continually evaluating if all of these are still relevant, need tweaking or if our employees believe there is anything missing.

Your voice is important. Please take the time to thoughtfully examine, discuss in small groups and give us your feedback. The information will be compiled and shared with leadership.

Lunch Break

12:00pm – 1:00pm **Lunch served in Potter Center Snyder Dining Commons**

Afternoon Session

1:15pm – 2:30pm **Afternoon Breakout Session #1**

Session 1: Mental Health (Nichole Dunlap) BW209

This session will provide you with an overview of the Oasis Center's services and how employees can recognize and respond to a mental health crisis.

Session 2: Medical First Aid (Rachel Nichols) BW210

In this breakout session, you will learn how to respond to minor medical situations, know when it is necessary to call 911 and also how to treat yourself with proper nutrition, exercises and priority management.

Session 3: Fraud and Identity Theft (Sean Nicol) BW144

Presented by Special Agent Sean Nicol with the FBI, this session will go over some of the emerging threats related to fraud and identity theft and what to do should you become a victim. Special Agent Nicol has been with the FBI for 23 years and has dedicated most of his career to investigating criminal and cyber-related activity (fraud, bank robbery, child exploitation, narcotics, civil rights, computer intrusion) along with some counter intelligence investigations (espionage and economic espionage).

2:30pm – 2:45pm

2:45pm – 4:00pm

Session 4: Spectrum Training Part 1 (Chas Lietart) BW208

Spectrum training is an active, 2 hour training that educates individuals about the Queer community and how to be a supportive person. Those who participate in Spectrum training have the opportunity to receive a Spectrum decal at the conclusion of the training. Posting this decal signifies that you have completed the Spectrum training and seek to be an affirming individual towards all persons, inclusive of diverse gender and sexual identities. ***You must attend both Part 1 and Part 2 of this training to be certified.***

Travel to Next Session

Afternoon Breakout Session #2

Session 1: Adverse Childhood Experiences (Zoe Lyons) BW144

This presentation on Adverse Childhood Experiences will increase the knowledge of the audience on how ACEs affect our population. The science and research shows that young people who experience abuse, neglect and household dysfunction, collectively known as ACEs, without intervention, have a very high likelihood of facing risky health and social behaviors, chronic health conditions, low life potential and even early death. The presentation includes information on brain development, epigenetics, ACEs and how to build resilience in our communities. .

Session 2: Trauma Impact in the Classroom (Terri Pardee) BW145

Learn how prenatal exposure to trauma, harmful substances, and maternal stress hormones impact the brain of a developing fetus. Recognize how stress and trauma during childhood and adolescence impact learning, memory, and self-regulatory behaviors. Explore implications this information may have for students and consider possible evidenced- based interventions for both the classroom and support settings.

Session 3: Spectrum Training Part 2 (Chas Lietart) BW208

Second half of the two hour training.
